Övergripande uppdragsbeskrivning

We are now looking for five (5) BI developers to our Customer.[]

Description:[]

As a BI Developer in our Analytics team you will have a central role in our customer's digitalization journey and help enabling the organization to take informed and data driven decisions. The team is transforming data into insightful and actionable business information by collecting, processing, analyzing and visualizing data. You will work closely with business stakeholders to identify, recommend, develop, implement and[] support analytic solutions for all the corners of the customer's environment, in all corners of the world. It's a perfect challenge for a tremendous talent with a technical flair, who wants to get in the game and take an active part in the customer's digitalization and expansion.[]

Expectations of the consultant/role:[]

- Be part of the analytics team dedicated to empowering colleagues at the customer to work with data[]
- Develop BI tools (create data models, reports, dashboards and enable self-service in Power BI)[]
- Take part in developing the data warehouse used for reporting and analytics[]
- Work in multi-functional teams to continuously deliver new insights[]
- Work close to and interact with business stakeholders

Skallkrav

A bachelor's degree in computer science, informatics or a related field

At least 3-5 years documented experience of working with Business intelligence and developing data marts and front-end applications

Strong knowledge and experience with reporting tools such as Power BI, Qlik and similar

Understanding business requirements and having the ability to translate those into first class reporting and analytic solutions

Have knowledge in SQL and databases

Börkrav

Are familiar with programming languages such as SQL, DAX, Python and VBA

Övriga krav

Bifoga CV i Wordformat under fliken Dokument. CV:t är en viktig del i utvärderingen av konsulten. Det ska tydligt visa att konsulten har den kompetens och erfarenhet som efterfrågas för det aktuella uppdraget.

Offert för detta uppdrag måste skickas in via KeySourcingTool. Svar via mail kommer att få begränsad feedback.

Beskriv gärna kort i "Kommentar" vid de olika kraven hur konsulten uppfyller dessa.

Personliga egenskaper

Results-oriented

Analytical
