Övergripande uppdragsbeskrivning

For our customer NCC we are now looking for a Solution architect

The initiative will improve NCCs ability in to get in control of the complete subcontractor chain and meet future European legal requirements and demonstrate credibility supported by a clear process for managing the subcontractor chain.

We will do this in a common, harmonized and digital way that will give us an overview of our subcontractor and their sub contractors and by using Bisnode services have a branch leading ambition in avoiding black labor and corruption and decrease any criminal connections early in the purchasing process and enable monitoring over time.

NCC also enable improved analysis capabilities by direct access to the completed subcontractor chain on a Nordic level
