### Övergripande uppdragsbeskrivning

We are now looking for a SE\_Project Engineer-E to Hitachi Energy Sweden AB in Landskrona.

#### Description:

Design authority for an engineering discipline with low to medium complexity. Complete assignments on small projects or portions of larger projects, cost- effectively and in accordance with contract specifications, quality standards and safety requirements. Evaluates, selects and applies standard techniques and procedures to perform engineering assignments. Provides technical support for testing, installation and commissioning activities. Prepares project documentation within one's scope of deliverables.

PLEASE NOTE: This is a price pressured assignment.

### Skallkrav

**IMPORTANT** Carefully read the full description of the role, requirements and specific qualifications wanted, areas of responsibility, background requested and additional employment information for the supplier to ensure that your set of competencies matches the role.

The consultant must be fluent in both written and spoken English.

**IMPORTANT** Confirm that your offered price is a gross price according to the information below. From this price, tenure discount and 4.23% will be deducted.

Provide consultant's Date of Birth in the following format: YYYY - MM - DD.

## Börkrav

## Övriga krav

Attach CV in Word format (MUST BE IN ENGLISH) under the Documents tab. The CV is an important part of the evaluation of the consultant. It must clearly show that the consultant has the competence and experience required for the current assignment.

Offer for this assignment must be sent via KeySourcingTool. Replies via email will receive limited feedback.

Please describe briefly in "Comments" for the various requirements how the consultant meets these.

## Personliga egenskaper

## Övrig information

Attach CV (MUST BE IN ENGLISH) in Word format under the Documents tab in the offer.

Please note that from the offered hourly rate, the contractual fee of 4.23% will be deducted. For longer assignments, the tenure discount will also be deducted from the hourly fee.

Rules for tenure discount (see also enclosed "Terms for consulting assignments at Hitachi ABB Power Grids via KeyMan, 2021-05-01"):

6 months assignment: -1%

9 months assignment: -2%

12 months assignment: -4%

If we end up in a contract the consultant must undergo a drug test before the assignment can start. The consultant then also must have a certificate for SSG-Entré and sign a NDA.

The assignment is Onsite.

For further details and conditions, see the attached documents.
